Schlitz Beer is Good for You

The malt is a food; the hops a tonic. The alcohol—only 3½ per cent—is an aid to digestion; a healthful stimulant. Schlitz Beer is brewed with the extreme of cleanliness—cooled in filtered air—and every bottle is sterilized.

It is one of the best things in the world for you. It does not ferment on the stomach, because it is aged—aged for months in refrigerating rooms before it is marketed.

It gives you beer without biliousness. Ask your doctor what he thinks about drinking Schlitz beer. Ask for the Brewery Bottling.
